On behalf of the children of Living Hope Orphan's school and the staff, I take this opportunity to say thank you very much, we appreciate the good work "Educate the Children" has done to improve the life of the children of Living Hope. The truth is that you have really supported us so much for us to reach where we are. It is our prayer that the Lord continues to bless, strengthen and to bless every work of your hands. We have finished our school year very well and the children really performed well. We thank God because we have gone through the year with victory. We closed on Dec 10th, 2010 but we stay with some of the children at the school, we accommodate for them.

We have had some health challenges especially with the children who are HIV positive, and frequent malarial problems especially in the rainy seasons. We are now in a dry season, many children are faced with coughs and flu.

This year also we were troubled by the ministry of education concerning the buildings, they were not enough for the children.

Concerning the education of the children, there has been a great improvement in the attendance, reading and absorption of the children. This year we sat our second group of candidates and we hope that they will perform well.

This year also has been of great victory for us because our school merged to be the winner of the Zonal sports competitions and we won the trophy.

Finally, I have attached the photos of some of the things we bought.

Pastor Chris.
